PROFESSIONAL SUMMARY

Web developer with **2.5 years of experience** in designing and developing **responsive, user-friendly websites**. Looking to contribute to a **collaborative team** where I can apply my skills in **HTML, CSS, JavaScript**, and **modern tools**, while continuing to learn and take on new challenges. Experienced in working on **real-time projects**, fixing bugs, and optimizing performance for better user experience. Passionate about writing **clean, maintainable code** and staying updated with new technologies.

TECHNICAL SKILLS

Core Languages	HTML, CSS, JAVASCRIPT, .NET
Framework	Bootstrap, jQuery, GSAP, AJAX, ReactJS
Data & APIs	JSON, REST APIs
Database	Microsoft SQL Server (MSSQL)
Tools & Platforms	Adobe Photoshop, Figma

EXPERIENCE

Web Developer

July 2023 - Jan 2026

Ssoft Solutions Pvt. Ltd.

Bhopal, MP

- Developed and maintained responsive websites and web applications using **HTML5, CSS3, JavaScript**, and **Bootstrap**.
- Optimized website performance for **faster load times, SEO**, and **cross-browser compatibility**.
- Debugged and resolved UI/UX issues across multiple devices and screen sizes.
- Implemented **server-side logic** and **business logic** using **C# (.NET framework)** for backend development.
- Designed and managed **relational databases** using **SQL Server**, including writing **SQL queries, stored procedures, and triggers**.
- Handled **form validations**, user authentication, and role-based access controls on both frontend and backend.
- Performed **debugging and troubleshooting** of backend issues and optimized database queries for performance.

PROJECTS

Betting Website

games.ssoftsolutions.in

- Designed and developed a responsive betting and color prediction gaming platform with smooth navigation and optimized performance.
- Also built an admin panel to manage users, game settings, and payout controls efficiently.

Automated Crypto Trading Website

krometa.com

- Developed responsive web interfaces for an AI-powered cryptocurrency trading platform and enhanced front-end performance for seamless user experience.
- Ensured cross-browser compatibility and fully responsive design across desktop and mobile devices.

Crypto Investment & Earning Telegram Bot

aitradefx.world

- Built a Telegram bot that automates cryptocurrency investment workflows including ROI calculation, balance tracking, and withdrawal processing using secure APIs.
- Managed user investment and transaction records securely with efficient database handling.
